

Tarea 2, Cree un programa sencillo.

```
Console.WriteLine("IS YOUR NUMBER EVEN OR ODD");  
  
Console.Write("Type one number please: ");  
var numberTyped = int.Parse(Console.ReadLine());  
  
if (numberTyped % 2 == 0)  
{  
    Console.WriteLine($"You number {numberTyped},is Even ");  
}  
else  
{  
    Console.WriteLine($"you number {numberTyped},is Odd");  
}  
  
Console.ReadKey();
```

IS YOUR NUMBER EVEN OR ODD
Type one number please: 5
you number 5,is Odd

```
Console.WriteLine("IS YOUR NUMBER EVEN OR ODD");
```

```
Console.Write("Type one number please: ");
```

```
var numberTyped = int.Parse(Console.ReadLine());
```

```
if (numberTyped % 2 == 0)
```

```
{
```

```
    Console.WriteLine($"You number {numberTyped},is Even ");
```

```
}
```

```
else
```

```
{
```

```
    Console.WriteLine($"you number {numberTyped},is Odd");
```

```
}
```

```
Console.ReadKey();
```
